January 2010

Dear Boaters,

It is time once again to think about spring and the upcoming boating season. We hope that everyone is looking forward to another great year.

We are currently attending the Toronto International Boat Show running January 9-17 at the Exhibition Grounds. We are located in booth 1748 if you would like to visit us. We are once again offering our boat show special of a **10% discount** to anyone signing up and paying for mooring by January 29th 2010. At this time we would like to extend this offer to all of our boaters. It is a great way to save money on your fees. If you are interested in receiving this discount please send in your paperwork right away. In order to qualify for this discount, your accounts must be in good standing and you must make payment in full prior to January 29th.

Our Summer Contract and Yorkbay Re-commissioning forms are both currently posted on our homepage, www.torontoislandmarina.com in PDF format. If you would like to print them and fax them back to us (or scan and email) please do so. If you need me to mail you paper copies, leave me a message at 416-203-1055 and I will do so. If you are a **returning summer customer**, we can generate your summer lease electronically and email it to you. This will save you the effort of printing it and filling it in. Send me an email requesting this and at that time let me know if any of your information has changed. marina@torontoislandmarina.com

If you do not sign up immediately to receive the 10% discount, please remember that in order to **confirm your summer mooring and reserve your dock** you must return your paperwork with 50% of your seasonal fees by February 15th. The remaining 50% is due March 15th. **If we have not heard from you by March 15th we will assume that docking space is not required.** If you have any questions please call the marina office at 416-203-1055. All new boaters have been invited to select docks with us beginning April 1st 2010; at that time we will be offering all docks that are unassigned to our new boaters. **Don't let your spot get away from you....remember to renew.**

For those boaters interested in signing on as annual patrons and taking advantage of our free pump outs all season and free bottom pressure wash in the fall, please remember to include a \$100 deposit towards your winter storage for the 2010/11 season. We are also still extending a free single tender pass to anyone who brings in a new annual boater. Tell your friends about the marina!!

Please note that the introduction of the new HST will apply to our fees. We are currently reviewing the transitional rules and will keep you posted of the changes that will apply to our fees.

For those boaters who take advantage of our lower rate docks in B-Basin for boats under 20 feet, please note the following changes. The rate for Summer 2010 will now be \$800. Also, this spring we are changing the dock configuration in this basin so space will be limited. Only the western dock will remain so all small boats will be required to move onto that one dock.

If your boat is currently stored at the marina, you will be contacted when it is almost time to launch. Remember to prepare and be ready for launch in order to avoid being charged a **relocation** fee. Launch runs from mid April until the end of May.

Tender service will resume when weather permits. Check the website for information.

We thank you for your continued patronage and we look forward to seeing you in the spring. Enjoy the remainder of your winter.

Sincerely,

Karen Crow
